Keishann Corley
1700 Halstead Boulevard
Tallahassee, FL 32309

Dear Ms. Corley,

At Capital City Bank, we uphold the highest standards of service and aspire to provide exceptional banking experiences every touch, every time. These values have guided our way of doing business for more than 120 years, and sustaining our service philosophy requires recruiting the right people to deliver on our business promises.

In that respect, Keiser University has been a valuable partner. Over the years, Keiser has been instrumental in matching employment opportunities with candidates whose character and talents are the right fit for our team and corporate identity.

Furthermore, Keiser's work in the community goes beyond job matching. Through the workings of its advisory board, Keiser brings together employers from around the community and gives them a voice in the direction of their educational programs. By cultivating educational programs that target specific employment needs, Keiser helps prepare students for meaningful careers with purpose and influence in the community.

At Capital City Bank, we rely on Keiser's partnership for effective staffing solutions and applaud its efforts to help residents of Leon County realize their career aspirations. We look forward to growing our relationship in the future.
